

Appel à candidature pour les bourses de mobilité

NEURO: Internship abroad scholarship – M1 students

We are pleased to announce the launch of the mobility scholarship program for students enrolled in GI NEURO programs who wish to complete their M1 internship in a laboratory abroad and gain international experience.

About the GI NEURO

The GI NEURO aims to train students in the field of Neurosciences. These scholarships are intended for students who wish to complete their first-year Master's internship outside of France.

Scholarship Amount

The scholarship amount is €1,000 per month for 7 weeks, for a total of €1,750 per scholarship recipient.

Eligibility Criteria

1. Applicants should be currently enrolled in the M1 Neurosciences program in Lyon (UCBL) and be willing to join a team outside France. For foreign students, the laboratory should not be located in their home country.
2. Applicants should set up the research program to be carried out during the stay. This program must be proposed in agreement with the Head of the M1 Neurosciences program and the person in charge of the implementation of the project in the host laboratory.
3. Students who obtained a GI NEURO fellowship in previous years are eligible, but their candidature will be treated as low priority.

Award Criteria

Applications will be evaluated based on three criteria (each rated on an ABC scale):

- **Academic excellence** (50%): *e.g. grades and ranking.*
- **Experience** (30%): *e.g. relevance and feasibility of the project, previous internships, added value for the student.*
- **Motivation** (20%): *e.g. relevance of career plan, motivations for joining the research environment abroad.*

A score of C in any of the sections will be disqualifying. The remaining applicants will be ranked in order of merit, and the top-ranked applicants will be awarded the scholarship, subject to the limits of available funds. Next will be assigned to a waiting list.

The selection committee will include:

- The head of the *Fellowships Action Team* of the GI NEURO school
- The head of the M1 Neurosciences program

Application Process

Applications open: 15/10/2026

Application deadline: 10/11/2026

Applicants must apply online via the Graduate+ platform:

<https://candetpreins.univ-lyon1.fr/sfri/portail>

To be included with the application:

- Description of the research project. This should highlight the tasks that the applicant will perform during the internship period (max.10.000 characters incl. spaces)
- Curriculum Vitae updated to include the student's current course of study (1 page)
- Motivation letter (max. 5.000 characters incl. spaces)
- Copy of an official ID
- Letter of acceptance from the host foreign institution/laboratory
- Letter with the agreement of head of the M1 Neurosciences program

The selection committee will meet on the 16th of November, and the results will be announced by the 20th of November.
